MEMORANDUM TO: [REDACTED]

Central Processing
1102 I Building

SUBJECT: Ticket Refunds Due in Connection with
European Trip

I am returning herewith my air ticket as reissued in [REDACTED]. Please note that I did not use the ticket to return from New York to Washington and that you are entitled to a refund on this. You are also entitled to a refund on the berth in both directions, as no berths were available on the flight back to the United States. On the flight to Europe, the plane had engine trouble and we were put up overnight in Gander, so that no one used berths on that flight. Apparently, the berth or surcharge coupon for the flight to Europe was detached in [REDACTED] but, as the enclosed ticket shows that it was issued in exchange for Form 0264-2D, Serial 176262, you will have no trouble in obtaining this refund.

Stuart Hadden
